

Therapy Platforms™ Lite Anti-Fatigue Matting

(Patent Pending)

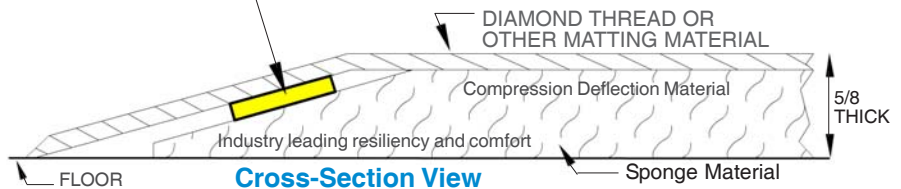

ERGOBUDDY®
The Wise Choice

“A new Industry Standard In **Safety**, **Performance**, and **Comfort**”

Performance Advantages

Safety Suspension System Technology (SSST) is a Semi-Rigid Vinyl Stripping integrated around the periphery of the therapy platforms which holds the edge of the mat to the floor.

- ### Features and Benefits
- ◆ Therapy Platforms Lite DO NOT bunch up, curl up, shift, walk, warp, or wiggle.
 - ◆ **Safety Suspension System Technology (SSST)** prevents trip hazards inherent in prior matting alternatives by holding the matt edge to the floor.
 - ◆ Shipped as a rolled good. Once deployed on floor, it becomes a rigid flooring system.
 - ◆ Available in Black or Grey Diamond Plate (yellow border optional). Also available in ESD (1X10.6 ohms).
 - ◆ Available sizes: lengths 1' - 75'; width 2' - 5'; (ESD widths 3' & 4' only), or to Customer Specifications
 - ◆ Resists fluids, compression set, fire, abrasion, indentions and hardening.
 - ◆ Increases productivity, quality, morale, health, & safety.

Model	Part#	Color	Width (feet)
Diamond Deck Plate	EBTL-D2	Black	2
	EBTL-D3	Black	3
	EBTL-D4	Black	4
	EBTL-D5	Black	5
